I am pleased to congratulate

***Eachtechnology Canada Co. Ltd.
Canadian Chinese Premade Cuisine Industry Research & Development Centre***

on the occasion of the

***Chinese New Year with Hometown Flavour
Premade Cuisine Industry Development Forum***

The Lunar New Year is an exciting time for the Chinese community and many others across the globe. As we usher in the Year of the Rabbit with hope and aspiration, we reflect upon our past year's achievements and keep focused on countless new beginnings, new experiences and new resolutions.

Chinese cuisine is well known for its rich flavour, and the sophistication of its cooking has gained world recognition. You can take pride in your innovative initiative to embrace your traditions by bringing back the memory of authentic hometown flavour to the City of Richmond Hill.

Chinese New Year is a time for feasting and family reunion. Your hard work and entrepreneurial spirit will help strengthen our bonds of friendship and energize our economy. May the Year of the Rabbit bring you joy, health and prosperity!

Sincerely,

Councillor Nick Mantas
