I am pleased to extend a warm welcome to everyone attending the Chinese New Year with Hometown Flavor - Pre-made Cuisine, Industry Development Forum, organized by Eachtechnology Canada Co. Ltd with Canadian Chinese Pre-made Cuisine Industry Research & Development Center.

This forum aims to let more Chinese Canadians taste and recall their home flavour, discuss the opportunity and challenges of the pre-made cuisine industry in Canada, and donate some pre-made food for Chinese seniors.

As the Regional Councillor of the City of Markham, I commend Eachtechnology Canada Co. Ltd with Canadian Chinese Pre-made Cuisine Industry Research & Development Center for organizing this forum to provide a platform for a showcase of pre-made Chinese cuisine industry and let the Chinese Canadian community recall their home flavour through the pre-made food. And thank you for the food donation to our senior group.

Please accept my heartfelt wishes for an excellent Forum.
